RE: Bay Area Open Space Council Grant Request

Dear Chairman Bosco:

I am writing to ask for your support for the Bay Area Open Space Council grant proposal.

The Council fills a unique and valuable role in coordinating the work of over 55 public agencies and non-profit land conservation organizations in the Bay Area. This collaborative approach fulfills the mandate of the Bay Area Conservancy Program to work in partnership with local agencies and organizations to achieve its park, habitat, recreational and agricultural protection goals.

The Council has had numerous accomplishments since it was established in 1990 but none have had as much impact as the development of the Bay Area Conservancy Program. Working through the Coastal Conservancy, the region has been able to generate over \$200 million in new funding for the Bay Area. The grant proposal will help advance land and water conservation in the nine-county Bay Area and will serve as a valuable tool to the Conservancy.

Thank you for your consideration of this grant.

Sincerely,

Loni Hancock
